INDEX TO 1974 ARTICLES IN WELDING DESIGN & FABRICATION

Want to find all the information in articles by subject?

Below the titles at the top of the page are ■'s and numbers. ■'s lie opposite major subjects on the left, numbers opposite secondary subjects. Numbers indicate relative importance in articles of secondary subjects.

	Title	Successes in High Strength Metals	Backup Tape Boosts Weld Quality and Score	More Insight to Lamellar Tearing	Why Ships are Safer than Ever	Updating NDT Methods for Pipe	Mig-welded Carriers for Factory-built Houses	Instrument-calibrated Resistance Welding	From Special Jobs to Tank-car Production	Tanks and More Tanks Go Into Nukes	Induction Brazing Wins In the Long Run	Preparing Aluminum for Welding	The Happy Marriage of Maraging Steels	Curved Girders for a Scenic Canyon	Wires for Welding Low-Alloy Steels	What's Developing in Radiography	Have Tester—Will Travel	Reformatory Inmates Get Welding Training	The Superstrong Wingbox of Tomcat	Radiant Heating for Welding and Brazing	Climbing to the Top with Code Welding	Twisting Staircase: A Working Sculpture	Wizardry in Tanks and Liners	Meet Graver and George Resnik	Sales and Engineering Go Hand-In-Hand	The Manufacturing Function	In the Field—API Tanks and Nuclear	People Were Important Before OSHA	R&D Supports the Future	A Long Rich History
	Page	37	48	50	39	41	46	48	43	46	48	53	55	69	72	78	82	84	33	37	42	49	35	36	38	42	47	49	50	51

INDEX TO 1974 ARTICLES IN WELDING DESIGN & FABRICATION

Want to find all the information in articles by subject?

Below the titles at the top of the page are ■'s and numbers. ■'s lie opposite major subjects on the left, numbers opposite secondary subjects. Numbers indicate relative importance in articles of secondary subjects.

	Title	Page
January	Successes in High Strength Metals	37
	Backup Tape Boosts Weld Quality and Score	48
	More Insight to Lamellar Tearing	50
February	Why Ships are Safer than Ever	39
	Updating NDT Methods for Pipe	41
	Mig-welded Carriers for Factory-built Houses	46
	Instrument-calibrated Resistance Welding	48
March	From Special Jobs to Tank-car Production	43
	Tanks and More Tanks Go Into Nukes	46
	Induction Brazing Wins In the Long Run	48
	Preparing Aluminum for Welding	53
	The Happy Marriage of Maraging Steels	55
April	Curved Girders for a Scenic Canyon	69
	Wires for Welding Low-Alloy Steels	72
	What's Developing in Radiography	78
	Have Tester—Will Travel	82
	Reformatory Inmates Get Welding Training	84
May	The Superstrong Wingbox of Tomcat	33
	Radiant Heating for Welding and Brazing	37
	Climbing to the Top with Code Welding	42
	Twisting Staircase: A Working Sculpture	49
June	Wizardry in Tanks and Liners	35
	Meet Graver and George Resnik	36
	Sales and Engineering Go Hand-In-Hand	38
	The Manufacturing Function	42
	In the Field—API Tanks and Nuclear	47
	People Were Important Before OSHA	49
	R&D Supports the Future	50
	A Long Rich History	51
